

Orchids have a reputation of being a tough plant to care for.

To keep them as happy as possible, try **Orchid Special 30-10-10!**

How it helps your plants:

- A proven formula for over 35 years.
- Perfect for orchids potted in fir bark and rock.
- This formula emphasizes the vegetative growth stage (leaves).
- Switch to a high phosphorus fertilizer like **Orchid Bloom Booster 3-9-6** when flower spikes appear, and switch back when finished blooming.
