

Give your fall garden a boost!

Feed your leafy greens and fall veggies with

All Purpose 20-20-20!

How it helps your plants:

- A great all-purpose plant food to promote healthy roots AND leaves.
- Mix 1 tablespoon per gallon and feed plants every 7-10 days until first hard frost.

HANDY HINT!

- Give your trees and shrubs one last boost three weeks before the frost date.
